Justice not Charity

On 3rd November this year, St Francis Hall, the University of Birmingham Chaplaincy, is due to host the first JDC Multifaith Project youth and students' event. Entitled "Justice not Charity", it is hoped that the event will attract young people not only from the West Midlands but from other parts of the UK as well.

An excellent panel of speakers has provisionally been booked. Jehangir Malik, UK Director of Islamic Relief,

This is the blog of the local campaign calling for cancellation of international Debt.

Contact the [Host](#) for event and ticket information.

This event has ended!

This website is here to help people find and run social media surgeries to support their local community and voluntary organisations. If you just want to run one on a voluntary basis get cracking - if you want to run several and find out just how well you're doing then please contact us.

Find your nearest Social Media Surgery

Search

The more detail you enter the more accurate the results. So if you put 'Sheffield' we will measure from the middle of Sheffield. If you tell us your street name or postcode as well then we can usually be fairly accurate. If you get weird results then add your country to the search. i.e. Sheffield, UK.
